SLO 3 Area B Student Learning Outcome: Students will be able to explain multiple intellectual approaches that clarify or respond to problems, topics, themes, and/or issues.

SLO 11 Global Understanding Overlay (GL): Analyze & evaluate the diverse responses of peoples, cultures, societies, or groups to global issues.

SLO 13: Critical Thinking Overlay (CT): Students will be able to effectively explain and analyze evidence in support of an argument.

SLO 14: Critical Thinking Overlay (CT): Students will be able to form logical conclusions from information presented.

SMART assessment@GC

GC Core Assessment Rubric

Area B- Institutional Options

Please use the appropriate attached rubric (GC1Y or GC2Y Common Rubric) to assess an assignment or collection of assignments in your GC1Y or GC2Y course that best evaluate your students' performance on the student-learning outcomes for this area.

GC1Y Sections: SLOs 3, 13, and 14

GC2Y Sections: SLOs 3 and 11

Please complete one rubric for each student to document their performance with respect to the outcomes as indicated by their work on that/those pre-selected assignments. Also, please be sure to distribute the rubric to your students so they will be familiar with the criteria against which they will be evaluated.

At the end of the semester, please send this form and completed rubrics to CBX 052, attention Cara Meade (by the close of the semester). Alternatively, you can arrange to have them picked up at your office by emailing cara.meade@gcsu.edu.
